Lyon Photography

Hello!

Congratulations on your up-coming wedding, I'm so honored that you are considering me as a photographer for your special day. I know how stressful all the decision making that goes into wedding planning can be, which is why my goal as a photographer is to make this one aspect of the planning process stress free. I want to make sure that your wedding day is captured in the most natural way by making sure you feel comfortable and confident in front of the camera.

This investment guide provides a bit of information on the different packages I offer, please feel free to reach out to me with any questions you may have.

Sincerely,

Paige Lyon

What To Expect

Package Information

Once you have booked your wedding day package we will meet to discuss what to expect, this is usually done at least one month before your big day. During this meeting you will receive a detailed time line for your pictures and any last minute questions you have will be answered. You can expect a Facebook preview of five of my favorite images from your wedding day within two weeks and the remaining images to be completed for you to download 4-6 weeks after your wedding day, although it's usually sooner.

Print Ordering

You will be provided with an order form where you can order any image you like at any size and quantity. I will then submit your order to a professional print service once your payment has been received. You also will receive a release to print elsewhere if you so choose.

Retainer

A $600 non-refundable retainer is required to hold your wedding date in my calendar. Please note this is not an additional cost and is deducted from the total cost of your package. The remaining balance is due 30 days before your contracted wedding date.

Engagement Session

Book the Supreme Wedding Package and receive a Premium Engagement Session FREE. Book any other wedding package and receive 25% off of the Supreme or Premium Engagement Session.

Second Shooter

A second photographer can be added for an additional 25% of the wedding package cost. The second photographer will be chosen by the lead photographer.

FAQ'S

What is required to book?

To have your wedding day secured in my calendar the $600 retainer must be received along with a signed contract, this retainer is deducted from the total cost of the wedding package.

How soon do we need to book?

The sooner the better, as soon your retainer and contract have been received the date is no longer available to other couples. Some dates are very popular so if you have chosen a date that is highly sought after it is important to book as soon as possible.

Who signs the contract?

Since the person(s) who signs the contract is my main point of contact I do require that the payments be made directly by the bride and groom. If the photography service is being gifted the money should be given to the couple directly, who then can then pay me.

Do we receive the digitals?

Yes! The bride and groom will receive all of the best edited images from the day as a digital download with a print release so you can have prints made from the printer of your choice. However I always recommend prints be made directly through me for the best quality. Lyon Photography will retain the copyright of the images and unedited files are never given out for any reason.

Do you travel?

Yes! I do travel for an additional cost, please contact me for more information.

Trial engagement session?

If you are unsure which route you would like to go for your wedding you can use the amount paid for your engagement session towards your wedding package *(if applicable)* if you decide to book me for your wedding day.
